# Fostering Global Citizens with Core Values

We nurture global citizens with core values,  
preparing them for a dynamic world

# Allenhouse Group

---

➤ **VISION:** Our group envisions a dynamic and transformative learning ecosystem that empowers children to become visionary thinkers, compassionate global citizens and ingenious problem solvers.

➤ **MISSION:** Our mission is to revolutionize education by providing an immersive, personalized, and holistic learning experience to every child, cultivating intellectual agility, emotional intelligence, and the mindset needed to thrive in a rapidly evolving global landscape.?

## Shaping Education and Empowering Futures

Superhouse Group is a multinational company, with a legacy that transcends industries across the world. In 1996, the group embraced a new frontier, venturing into the realm of education with the establishment of the Superhouse Education Foundation (SEF). Guided by the visionary leadership of Chairman Mr. M Amin, we proudly became the largest collaborator of Delhi Public Schools. Our educational spectrum spans K-12, preschools, and esteemed higher education institutions.

Within the Superhouse Group, we are also home to the **Allenhouse Group of Schools**, where a holistic educational experience thrives. Our dedication lies in equipping students with practical life skills, nurturing ethical leadership, and fostering a spirit of technological innovation, preparing them to thrive in the challenges of life. Through our nurturing academies, we offer cutting-edge programs in Coding, AI and Life Skills in the curriculum.

We are not just educators; we are change makers, dedicated to sculpting today's youth into unparalleled Geniuses, ensuring their triumph in a dynamic world. Our ethos is simple – providing every child with precisely what they need to illuminate a path towards a brighter, promising future.

# From the Chairman's Desk

**Children are like tiny flowers; they are varied and need care, but each is beautiful alone and glorious when seen in a community of peers."**

This quote by Friedrich Froebel beautifully captures the essence of our educational philosophy at **Allenhouse**. Our journey in education, spanning over twenty-seven years, has been marked by an unwavering commitment to excellence, right from kindergarten to post-graduate education.

It is with immense pleasure and pride that I announce **Allenhouse Public School** in Agra. With this addition, we take yet another significant step in our mission to provide quality education. This new addition to our educational ecosystem is more than just a school; it's a place where young minds will be nurtured, dreams will be encouraged, and future leaders will emerge.

At the heart of everything we do is an incessant endeavor to achieve the school motto, 'Educate, Enrich, Empower. We are proud to say that we follow a competency-based education system, tailored to each child's unique abilities and potential.

I invite you to be a part of this exciting endeavor, as we work together to shape the future of our young learners. Thank you for your support and trust in the Superhouse Group and the Allenhouse legacy.

Best Wishes,

**Mr. M. Amin**

# Curriculum

At Allenhouse Public School, we have meticulously designed a curriculum that nurtures growth, learning, and values at every stage of a student's educational journey. Our holistic approach follows **ICSE** guidelines, ensuring a well-rounded, practical, and values-driven education.

The ICSE curriculum emphasizes projects and laboratory work, with 20% of the marks in subjects allocated to internal assessment. This approach aims to build a strong foundation, enabling students to grasp more complex concepts. Covering a wide range of subjects, the ICSE board opens doors to careers in management, literature, and the arts. It also facilitates success in both national and international competitive exams.

Our school is divided into four key stages: To begin with, Blossom (PG-Preparatory), Prosper (I-II), and gradually to Evolve (III-V) and Enrich (VI-VII), each with a distinct curriculum approach.

**Blossom (Playgroup to Preparatory)**

**Evolve (Grades III to V)**

**Prosper (Grades I-II)**

**Enrich (Grades VI-VII)**

# Our Distinctive Curriculum Approach

## Project-Based Learning

Project-based learning is ensured to encourage practical application of knowledge, problem-solving, and creativity for development of essential skills.

## Customized Learning Pathways

The curriculum is dynamic and flexible for personalized journey catering to each student's needs. These include core subjects like mathematics and language, alongside science, Social sciences, problem-solving topics, personal development, global studies, and elective subjects.

## Encouraging Exploration

A wide range of elective options and extracurricular activities, including sports, games, performing and visual arts, financial literacy, as well as skill-based subjects like animation, coding, and robotics, are designed to accommodate a diverse array of talents and aspirations.

## Innovative Teaching Techniques

Our dedicated team of educators enthusiastically embraces innovative teaching techniques such as the Flipped Classroom, gamification, and immersive methods to create dynamic and engaging lessons. Additionally, they foster collaborative learning through peer teaching and encourage a reflective approach.

## Technology Integration

Harnessing the power of digital tools and resources, the educational environment provided enables students to explore, collaborate, and learn in ways that align with the demands of the digital age.

## Social Emotional Learning

Social Emotional Learning (SEL) is an integral part of our curriculum designed to nurture not only academic excellence but also the emotional well-being of our students.

## Personality development

Various activities, workshops, and mentoring is ensured for cultivating self-confidence, effective communication, leadership, and a strong sense of responsibility.

## Community Engagement

Students actively participate in community service and projects, for nurturing a sense of belonging, ethics, empathy, and strong values in them. These inclusions foster well-rounded individuals who contribute positively to society.

# Co-curricular Activities

The impressionable minds of the child must be constructively molded. The curriculum provides platform for participation in sports, debate clubs, art and music programs, community service, and leadership initiatives that complements the academics and provides a well-rounded experience for each student.
