

A [TGT \(Trained Graduate Teacher\) - Social Science](#) instructs secondary students in History, Geography, Civics, and Economics, focusing on developing critical thinking and civic awareness. Key responsibilities include creating lesson plans, conducting assessments, maintaining classroom discipline, and integrating technology, typically requiring a Bachelor's degree in Social Science, B.Ed., and proficiency in CBSE curriculum.

Key Responsibilities:

- **Teaching & Instruction:** Delivering comprehensive lessons in history, geography, civics, and economics tailored to student needs.
- **Curriculum Planning:** Preparing lesson plans, annual plans, and unit plans aligned with school academic frameworks.
- **Assessment & Evaluation:** Setting papers, marking assignments, conducting formative/summative assessments, and providing constructive feedback.
- **Classroom Management:** Maintaining a disciplined, respectful, and engaging learning atmosphere.
- **Extracurricular Involvement:** Organizing subject-related competitions, activities, and participating in school events.
- **Student Support:** Providing remedial support to slow learners and pastoral care.

Qualifications:

- Bachelor's degree in Social Science or related fields.
- Bachelor of Education (B.Ed.) or equivalent teaching qualification.
- Strong subject knowledge in History, Geography, and Civics.
- Mandatory proficiency in English and good communication skills.
- Previous experience in a reputable school is usually preferred.

Skills:

- **Technological Proficiency:** Ability to use smart boards, educational software, and digital tools.
- **Pedagogical Knowledge:** Using experiential learning and interdisciplinary approaches.
- **Interpersonal Skills:** Strong classroom management and ability to connect with students.
